

**BARE HILL POND WATERSHED MANAGEMENT COMMITTEE  
MINUTES OF MEETING  
27 OCTOBER 2016**

Chairman Bruce Leicher called the meeting to order at 7:40pm in Town Hall

**Members Present:** Bruce Leicher, Peter von Loesecke, Megan Glew, Brian McClain

**Others Present:** Tom Filipo (Board of Health)

**Treasurer's Report**

\$161 for National Grid, \$123 for Graphic Supply (mailing for draw down notice)

**Draw Down**

Mr. Leicher received the drought notice and contacted State DEP for advice regarding the draw down on the pond. The Conservation Commission contacted the Pond Committee regarding the draught and Liz Allard mentioned that an abutter on the pond is requesting that the Conservation Commission deny approval of the draw down (even though the Commission approved it in September 2016). Ms. Glew attended the Conservation Commission meeting on 20 October 2016 to listen to the complaint from the resident and responded that the Pond Committee was waiting to hear from the State before making a decision on the draw down. The topic will be included at the next Conservation Commission meeting on 03 November 2016. The email message from the State stated that the draught is not a reason to discontinue with the draw down. Risk of not proceeding concerns the State too due to the potential for an increase in invasive species and phosphorus levels.

A motion to continue with the draw down on the pond was approved by the Pond Committee.

**ZBA 23 Peninsula Drive**

An appropriate stormwater controls letter will be sent from the Pond Committee.

**Committee Membership**

A motion that the alternates who have been appointed to the committee are able to vote was approved by the Pond Committee.

The meeting was adjourned by proper motion at 8:45pm.
