

**TOWN OF HARVARD
DEER MANAGEMENT SUBCOMMITTEE MINUTES
ZOOM MEETING 6:30pm – 7:00pm
Thursday December 2, 2021**

Bob Douglas
Ben Urquhart
Joe Pulido

Bob opened the meeting.

Minutes of the August 23, 2021 meeting were reviewed and approved as presented.

Bob asked Ben and Joe if they could attend the ConCom meeting on December 16 to provide the DMS update that evening.

Discussion on the first harvest of the season on the Blomfelt land.

Discussion on re-posting hunting program signs at Blomfelt and Willard/Poitras lands.

Don Osmer asked about the hunting activity so far this season. Joe replied that it was lower than expected. There were only 6 parcels of land that had high hunting/scouting activities.

Discussion ensued on opening all the approved conservation lands to all of the program hunters in hopes of increasing the hunting activity to the end of the season. They would still have to communicate and coordinate with assigned hunters on that property before they could start hunting there. Joe said he would send out an email to all of the hunters notifying them of the now open hunting.

Meeting adjourned.
