Public Commentary: None

Town Administrator's report: Tim Bragan informed the committee that the water bill will have a 10% increase in price (approximately \$4500) but that this cost is passed onward, and the result has no effect on town finances.

Nashoba Regional dispatch has increased fees by \$20,000.

The insurance numbers came back and we have a positive change of \$88,662 to the budget. \$20,000 to be used for the Nashoba Regional dispatch increase above.

There is also a personnel study being discussed - possibly spread out over 2 years, potentially around \$50,000 - more will be known by the next FinCom meeting.

Warrant discussion - draft with wording expected at the next FinCom meeting. It will be going to the Board of Selectmen on Feb 27, 2018.

Finance Director's report: David Nalchajian provided info on the certified free cash amounts, updated to \$1,332,858. From various sources, with the largest amount 32% from omnibus turnbacks of \$479,316.

Liaison Reports: None

Other business: Bruce Nickerson described a financial approach for using free cash to offset the first few years of the potential debt payment impact from the new school building. David stated that the money is usually used for capital expenditures, and without money to pay for those, we would have to use debt.
