

## HARVARD SEWER COMMISSION

---

### *MINUTES*

---

Wednesday, February 24, 2016  
Hapgood Room

*Cindy Russo, Chair      Kyle Hedrick      Richard Maiore*

---

#### *Present*

Commissioners: Cindy Russo, Chair; Kyle Hedrick; Rick Maiore  
Others: Tim Bragan, Town Administrator, Ron Ricci, Board of Selectmen

The meeting was called to order by Ms. Russo at 9 a.m.

1. The Minutes of 9/16/15, 10/21/15, and 12/9/15 were approved.
2. There was a discussion concerning the request from the Selectmen for an opinion on additional sewer system capacity available for a possible development at Hildreth. Commissioners believe there is additional capacity, after serving district properties, of 3000 gallons per day and concluded that it is premature to commit that capacity to a project.

On a motion made and seconded, the Commissioners voted to approve and send the attached letter to Ron Ricci, Chair of Board of Selectmen.

3. There was discussion about properties that could connect to the system without expansion. Ms. Russo agreed to contact the residents of 25 Oak Hill Road, who had expressed an interest in connection.

The meeting was adjourned at approximately 10:00 a.m.

February 24, 2016

Ron Ricci, Chair  
Harvard Board of Selectmen  
Harvard, Massachusetts

Dear Ron:

I am writing on behalf of the Town of Harvard Sewer and Water Commission concerning your request for input concerning the capacity of the Town Center Sewer System to serve possible senior housing to be developed adjacent to Hildreth House.

The Commission has analyzed the current use of the system and the expected future use of the system by properties within the sewer district. At this time, we conclude that we are able to make 3000 gallons per day of sewer capacity available for potential other uses.

Very truly yours.

A handwritten signature in black ink that reads "Cindy Russo". The signature is written in a cursive, flowing style.

Cynthia Russo, Chair  
Town of Harvard Sewer and Water Commission
