

**BARE HILL POND WATERSHED MANAGEMENT COMMITTEE**  
**MINUTES OF MEETING**  
**25 JULY 2016**  
**APPROVED:**

Chairman Bruce Leicher called the meeting to order at 7:35pm in the Old Library.

**Members Present:** Bruce Leicher, Peter von Loesecke ,Megan Glew, Brian McClain

**Others Present:** Cliff Tomassian (lives on Pond)

**Treasurer's Report**

5% of budget is for power

\$7k for drawdown infrastructure repairs

**Committee Membership**

Need to keep recruiting new members for the Pond Committee.

**Monitoring**

Ms. Glew joined Wendy Gendron on 24 May 2016 for monitoring work. Water samples for phosphorus and TSS were taken at the surface and the bottom at two sites: the deep hole (23 ft) and in south cove (5 ft). The Hydrolab Surveyor measurements were taken every 2 feet for temperature, DO, pH, conductivity, and turbidity. Secchi disc measurement was also taken at each site..

**Observations on Pond**

Cliff Tomassian goes out on his boat every day all around the pond and thinks that the entire shoreline is weedy. It was pointed out that the summer drought has allowed more light to reach areas where the weeds have grown.

Mr. Leicher noted that the pond is 14" lower than normal.

The meeting was adjourned by proper motion at 8:00pm.
