

**TOWN OF HARVARD
DEER MANAGEMENT SUBCOMMITTEE MINUTES
ZOOM MEETING 6:30pm – 7:15pm
Thursday JUNE 10, 2021**

DMS Members: Bob Douglas, Joe Pulido, Ben Urquhart, Paul Willard.

Public: Eve Wittenberg

Bob Douglas called the meeting to order at 6:42pm and read mission statement of the DMS from the ConCom.

Bob mentioned that several sites including a list from the stewardship committee were being scouted. Joe Pulido gave an update – he had walked all the sites. Joe stated that all the sites were huntable. Joe shared his screen and discussed several sites – and discussed the movement of deer across them. Program member Don Osmer who had scouted the properties also offered his thoughts.

Bob stated if there are opportunities to take deer on a parcel, then he was comfortable based on the scouts report that the DMS should consider advancing them to the ConCom.

Bob asked if there were any questions from Eve Wittenberg and those in attendance (15:58).

Hearing no reply, questions were asked of DMS as to what time we would like to meet again. The following Friday was suggested.

Bob asked again if Eve had any questions (18:10). *“No questions thank you”* was the reply.

Paul Willard joined the meeting.

Motion to adjourn by Joe Pulido, seconded by Ben Urquhart. Unanimous.

Meeting closed (19:21)
